

The Joy of Easter Sermon Series  
March 28, 2021 Sermon: The Joy of Power: Ephesians 1:19-20  
Pastor Undra Parker, Shiloh Missionary Baptist Church - Anchorage, AK

Do you have aspirations that seem dead? An aspiration of a healthy relationship, a great marriage, a loving family? What about starting a business or ministry, lose weight or do something that seems like it's never going to happen?

As believers, we have power! Ephesians 1:19-20

The greatest power ever unleashed was when God raised Jesus from the dead.

God's power in raising Jesus from the dead was the greatest display of power ever known.

**He wants us to Live like we believe it.**

**Today I Want You to Rejoice in the Joy of Power –**

Four Words That Describe this Power:

**Power** – This word gives us our English words “*dynamite and dynamo.*” God wants resurrection life to be real in the life of the believer.

To receive the joy of Power, you must admit that you are weak.

Any self-enablement automatically eliminates you from experiencing the joy of this Power.

**Working** – This word refers to “*energy.*” He gives us the energy to live for the Lord efficiently.

Matthew 5:48.

**Mighty** – This word speaks of “*ability, force and strength.*” God enables us to do things that would be impossible for the natural man.

**Power** – This word speaks of “*the might of strength.*” The Spirit of God gives us the ability to have dominion over sin. We have the power to live for God.

we already possess a Gospel that is the power of God to salvation, Rom. 1:16.

God has already promised us all the power we need, 2 Cor. 4:7.

We have strength of power already, Phil. 2:13.

All the power we need was given to us when we were saved by the grace of God, Acts 1:8.

The power to serve God and see Him do great things in us and through us is already in us, Eph. 3:20.

**Verse** <sup>20</sup> *which He worked in Christ when He raised Him from the dead and seated Him at His right hand in the heavenly places.”*

Life-changing, Death conquering, Resurrection power is ours right now.
